10 Student feedback mechanism on Institutional Governance/faculty performance	:	We are in practice to taking students Feed Back in every six months on the Institutional Governance / Faculty.
11 Grievance redressal mechanism for faculty, staff and students	:	The institute has a high level committee to look into disciplinary cases and grievances of faculty, staff and students. The committee is headed by Dean (Academic) and members are from different department. The cases are first viewed by the HOD and thereafter if it is beyond their level the cases are forwarded to the committee. Even the individual may put up their cases in the committee directly. Then the committee puts up their recommendations/suggestion to the higher authority to take decisions. The existing system is quite effective. Further, there is a tradition in our Institute wherein any faculty/staff members or a student can directly meet the Director of the Institute.
